Departmental Funding Commitment for DMF, MMF, Aspire, and Aspire Master's Fellowship Nominations

☐ I certify that the department will honor the funding commitment that accompanies this fellowship. This means that the department will provide a waiver-generating fellowship or assistantship to the student in years subsequent to the fellowship period. If the fellowship is a multi-year award, the department agrees to provide such support for the duration of the fellow's doctoral program, as long as academic progress remains satisfactory. If the fellowship is a one-year award, the department will provide support for at least the following year, assuming that academic progress has been satisfactory.

Fellowship Nomination Statement

Using only the space below (6,600 character limit, including spaces), please explain to the Fellowship Board why the department wishes to recruit this student and why this student should be considered for the fellowship(s) selected above. Keep in mind that the Fellowship Board is multidisciplinary and that the members reviewing your nominations will be from outside of your discipline. Board members will look to your statement for guidance on what counts for intellectual merit and academic achievement within your discipline, and they will use your assessment as a key resource in their attempt to compare this nominee with other nominees from across campus. Please use concrete, quantified measures whenever possible to characterize the nominee's accomplishments. Also, if there are any oddities or weaknesses in the applicant's record, please address those directly.*

DGF-HA Fellowship Nomination Information

The DGF-HA was designed as a supplement to the Illinois Distinguished Fellowship program, with the goal of expanding the number of recruitment fellowships available to exceptional students in humanities and arts-based humanities disciplines. Accordingly, the Fellowship Board will evaluate all nominees for these two recruitment fellowships as part of a single pool.

Students eligible to receive either will automatically be considered for both. Specifically, whereas all departments on campus may nominate *three* students for the IDF per round, DGF-HA-eligible departments may nominate *four* students per round, and those four will be considered for both fellowships (IDF and DGF-HA).

In order to nominate a student for consideration for the DGF-HA, please select IDF in the fellowship list at the top of the form and then complete the IDF section that appears below.
