Nomination Statement

Using only the space below (6,000 character limit), please explain why the department wishes to nominate this student and why this student should be considered for a Duffenbaugh Fellowship. Keep in mind that the review panel is multidisciplinary and may consist of representatives from the sciences, humanities, engineering, arts, social sciences, or professional programs. Reviewers will look to your statement for guidance on what counts for intellectual merit and academic achievement within your discipline, and they will use your assessment as a key resource in their attempt to compare this nominee with other nominees from across campus. Please use concrete, quantified measures whenever possible to characterize the nominee's accomplishments. Also, if there are any oddities or weaknesses in the applicant's record, please address those directly.
